Student Council met twice a month and discussed ways in which Tolleson could be improved. All of the members showed great enthusiasm and school spirit. Their hard work really paid off for T.U.H.S. as once again they had another successful year.

In order to hold these positions the students ran against others who wanted to be in Student Council. The students faced some tough decisions as last years competition was tough, but after carefully evaluating each persons qualities, they chose the officers for the 1986-87 school year.

Mrs. Hysong was a great big part of Student Council's activities. Without a dedicated sponsor like Mrs. Hysong many of Student Council's tasks would of became unbearable if not impossible.

A ... You are always there for me.

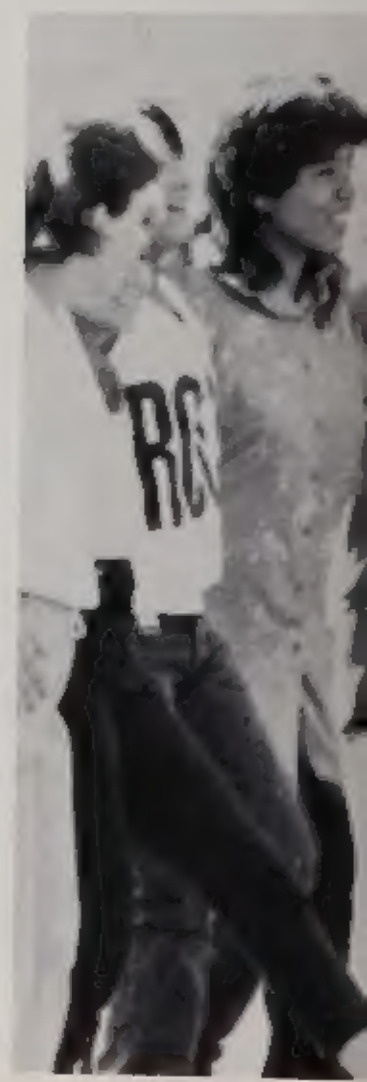
Olympics break at TUHS

Tricycle race, pyramid building, apple pass, and wheel barrel race were some of the events at the spirit olympics. There also was a class competition of which the seniors were victorious. The spirited cheerline presented their grand champion trophy which was won at an International Cheerleading Foundation cheerleading camp this summer. They then performed "two bits." The flagline performed to the bands new hit Tequilla. Their hard work sure paid off. Poms performed to "Private Number" by the Jets. The new wolverine football team and volleyball players along with their coaches were recognized and wished well by all. By the success of the first pep assembly we can tell it is going to be one spirited year!



The Varsity and J.V. Cheerleaders show you the steps of making a pyramid.

By the way, you've got the terrific ear.
It's always open.

Rip Roarin' 50's

The fifties in the eighties? That's what the second pep assembly of the year delivered. September 3rd signaled a big change in fashion as poodle skirts and rolled up blue jeans became the rage again. We all "twisted" to "Twist and Shout" and "hopped" when "Let's Go to the Hop" blasted over the PA system.

Dana Williams (far right) accepts her pick of the draw and gives Manny a peck on the cheek.

Nicole Hofmann (above) does a good job at showing you how she feels during and after kissing a pig.

Oink! Who kissed the pig?

Oink! Strange as it may sound the main attraction at the halloween assembly was a pig kissing contest. It all started a couple of weeks before the assembly. Cheerleaders appeared on campus carring coffee cans with other cheerleaders picture pasted on the side. Their appeal for money went something like this: "Would you like to see your favorite cheerleader kiss a pig? We're trying to raise money to go to Nashville to participate in the National Cheerleaders Competition in December. The three cheerleaders who have the most money in their cans will draw to see who will kiss a live pig, a stuffed pig or Manny, the security guard." When it was time for the halloween assembly evervone was anxious to see who had to kiss the pig. Nicole Hofmann had the honor of being the one. Cathy Rosales drew the stuffed pig, and Dana Williams kissed Manny. Other activities included a S.I.C. anti-graffiti skit and introduction of the golf team. Sophomores won the spirit stick, and showed the seniors what spirit really was. The assembly tore up the crowd

Rip Roarin' Assemblies

One of this years main concerns was improving our pep assemblies. Preparation was well under way before the school year began. The Varsity Cheerleaders, along with representatives from the Student Council, Flag Line, and the Band met to discuss what could be done. As a result this years assemblies had exciting themes and plenty of action. They promoted spirit and got everyone involved.

Donnie Miner (right) tries his luck at not saying a word all day. Alma Caouette (above) shows everybody what a Smurfette looks like.

Booo!

Halloween doesn't seem to be just for kids anymore. This year the students and teachers went all out for the occasion. Costumes ranged from goofy clowns with colorful hair and big noses to wicked witches with pointy hats. Everywhere you looked around campus you could see the spirit of halloween going strong.

Ernestina Borquez (below), Diane Guzman (bottom left), Stacy Jones and Darcy Strudwick (top left) show their spirit on Halloween Day.

Special Night

Once again this year T.U.H.S. had its traditional parent's night. This is a special night where Seniors, who are involved in Band, Pom, Cheer, or Football, are allowed to bring their parents for recognition. During half-time the parents joined their sons or daughters on the football field to be introduced and to had their pictures taken. This is a memorable night that the students and parents looked forward to.

These are just three of the many parents who participated in our annual parent's night. Above Carole Thurman poses with her parents. Top right is Janet Blankinship and her mom. Bottom right Stacy Jones and her parents smile for the camera.

A TRULY UNIQUE CLASS

Students in Tolleson's free enterprise classes didn't learn all there is to know from books, they experienced the free enterprise system first hand. They did this by forming corporations, producing a product, marketing it, and gathering the profits.

It began with narrowing down the choices of marketable items until a final product was chosen. A production team was selected to design and make the jigs and fixtures necessary to produce the product. Materials and supplies were ordered and upon their arrival, production began.

The greatest learning experience took place on production day. It was planned so that every student had a specific job to do, as if they were working in a regular manufacturing plant. Another valuable learning experience was the ability to participate in a profit sharing organization. It was the students effort that was the final determining factor of whether or not there was or wasn't a profit.

All of this was done with the support, dedication and help of Mr. Lucero and Mr. Kinneberg. Mr. Zadrozny and the whole Industrial Arts Department provided essential help also. This was a truly unique class.

High Tech Math

The computer revolution was really at its peak. There were several computer classes to choose from at T.U.H.S. Computer Math was the highest level of computers that you could take. It was offered to a limited number of students with high abilities in math and computer language. It was an advanced class that required a lot of class effort. Computer courses changed. When Computer Math teacher, Perry Miller, was asked how the students reacted to the course he commented: "The students are on an individual basis. They have different ideas on writing an efficient program."

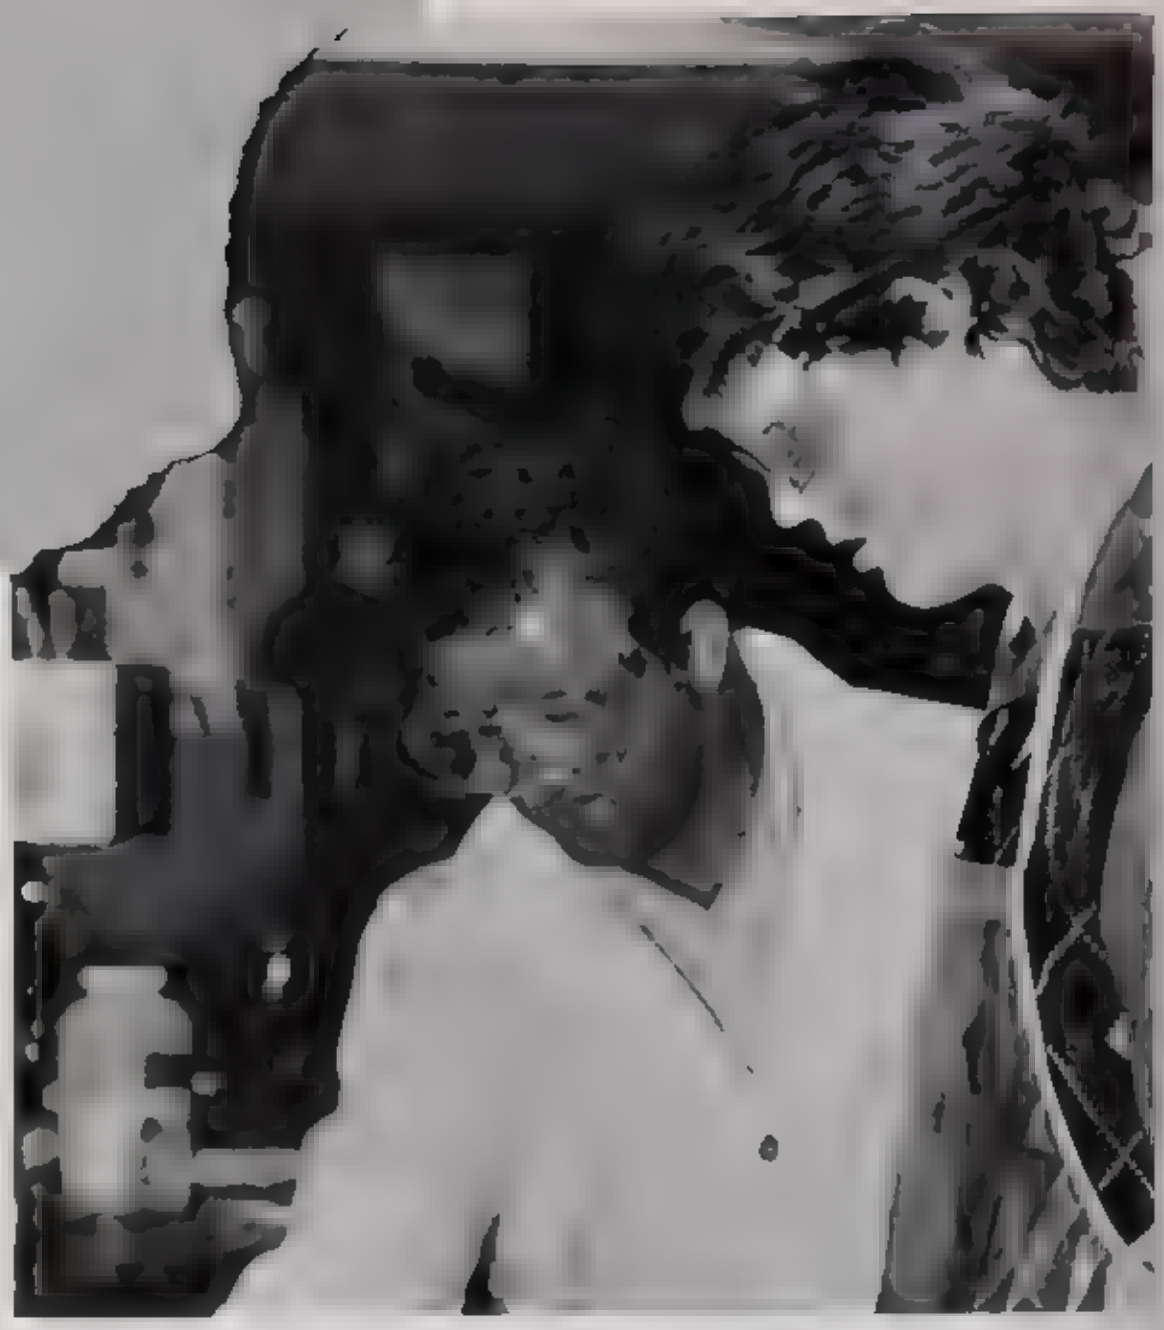
Good Morning



Did you have snap, crackle and pop in your morning? Did you have snap, crackle and pop in your first hour class? Mr. Shaw's first hour chemistry class did. Students got some first hand knowledge and quite an awakening when they were put through their paces in one of the first lab sessions of the season.

From A Handful of Clay

Ceramics was a class of creativity. It was a place where you could form images of the mind. Sometimes projects turned out exactly as planned and sometimes—well sometimes they didn't.

Students who wanted to learn to play guitar saw Mr. Jaeger. After learning the basics they could play songs by the Beatles and Eagles with relative ease.

The fall play, put on by the drama club, was one that dealt with an everyday subject: death. It took hard work and concentration on everyone's part. Many emotions were involved happiness, sadness were just a few.

Pinhole Pics?

Beginning photography students learned the fundamentals of photography by using oatmeal boxes, with a pin hole poked through the side, as a camera. It was hard to believe, but it worked. Pictures were taken without focusing, light meters or actual cameras.

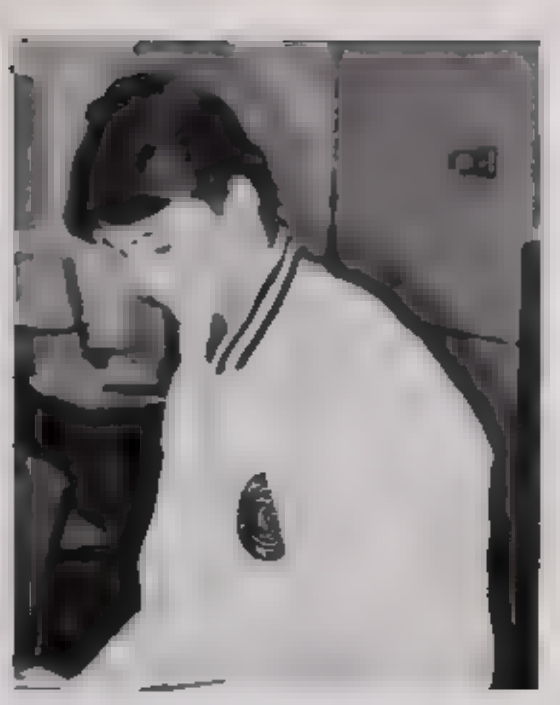
Keeping up With The Times

The Wolverine News was a very important aspect of student life at Tolleson. The paper used the new Apple Macintosh computer lab for typesetting purposes in this years school paper. The computer cut down on the cost of the paper leaving more money for color and special effects. Computer coordinator, Mr. Mark Jones, instructed the students of the Wolverine News. Along with learning to use the computer to typeset the paper the students learned to paste up their own layouts. The newspaper informed the students and teachers what was happening every month. The newspaper posted club, sports, activities, and other events that happened around campus.



Opposite page: Advisor John Pfau reviews the front page with Chris Wright, Ernestina Borquez and Christina Mercado. This page: (far left) Shelley Anderson and Kasandra Gross get articles typed before they go to the computer lab for typesetting (left) Chris Wright waits for typeset copy to be printed out by the Laser Printer (below) Jennifer Hodge and Rebecca Ayers position the typeset copy on the paste-up board (bottom left) Chris Wright, Ernestina Borquez, Shelley Anderson, Julia DeSimone, Lisa Wipprecht, (second row) Laura Caravalho, Christina Mercado, Mr. John Pfau, Jennifer Hodge, Rebecca Ayers, Kasandra Gross, and Vicki Culver (bottom right) Computer Coordinator Mark Jones helps Jennifer Hodge and Chris Wright typeset Wolverine News articles.

from top to bottom: Kerri Lee and Dolores Leyva prepare artwork for submission. Chris Williams and Brian David set up a computer program that will create the index. Cathy Lucia, Alma Caouette, and Karen Garner alphabetize student's "mug shots".

Organized Chaos

"Who's got pages 72 and 73?", "Where is that envelope of mug shots" "Hey, get to work". Although it sounded like chaos much of the time, the Yearbook Production Class some how managed to put the book together.

The staff tripled in size this year, and the rise in personnel meant more creativity, new designs, and more coverage. Staffers worked under the gun for most of the year. When the last layout was completed staffers let out a sigh of relief—and started planning next years book.

Lisa,
Wish another year going
be. Hope we have a
class such year next
year. Have great
summer and keep in

Occupational Versatility

"The purpose of OV is to give the students a chance to explore several areas of industry. Then they can make a more informed choice when they pick a unit shop class." said OV coordinator Chuck Loucks.

The students selected projects from six main areas: woods, metals, plastics, graphic arts, electricity and crafts. Projects ranged from model rockets to woodburning.

The students enjoyed taking the class because it gave them a chance to be constructive and to learn about different machines and processes. When asked what the students didn't like about the class they unanimously agreed—"clean up!"

Gotcha!

When the tardy bell rang you had better been in the classroom because the "Pride Patrol" was on the look out for stragglers. In an effort to cut down the numbers of tardies the security guards assigned after school detentions to those unfortunate few who might have stopped to talk to a friend or made a unscheduled stop along the way.

Irma,
Well, I can't say you're too quiet. You're a crazy person that I'm really glad I got to know. Maybe if you think some more classes I'll have you in one of mine next year. Well have a good summer. I'll probably see you at Patti's sometime. Later ya,
Rhonda

Say what?

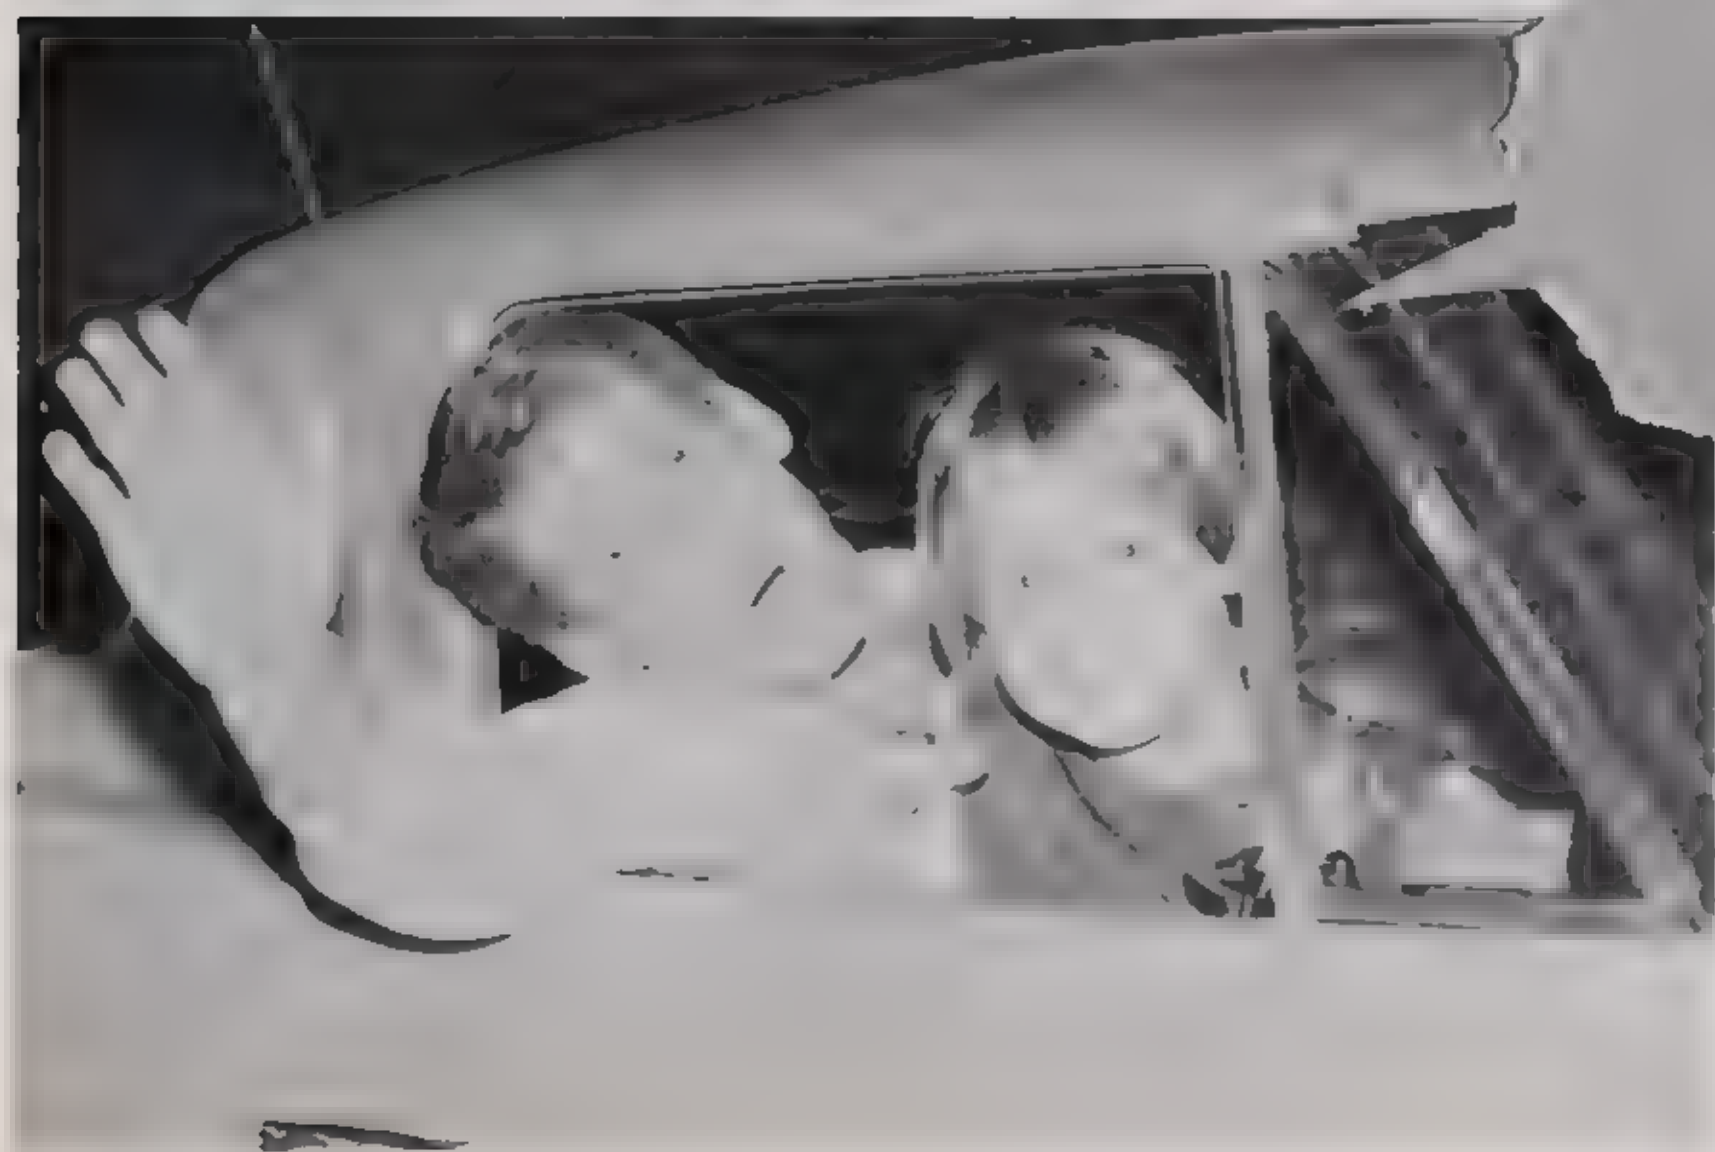
"Mmmm..mmm..mmmm . . ."

Have you ever looked at a picture and wondered what the subject was thinking or saying? Maybe you have put a comical dialogue in the place of what you don't know.
Here are some interesting pictures and humorous dialogue. Think of them as a weak try at humor.

"Your homework or your life!"

"I BROKE MY NAIL!!!"

" . . . and this is my latest invention, the printing press which doubles as a fast and easy egg frier."



"No autographs, please."

Real Skills For the Real World

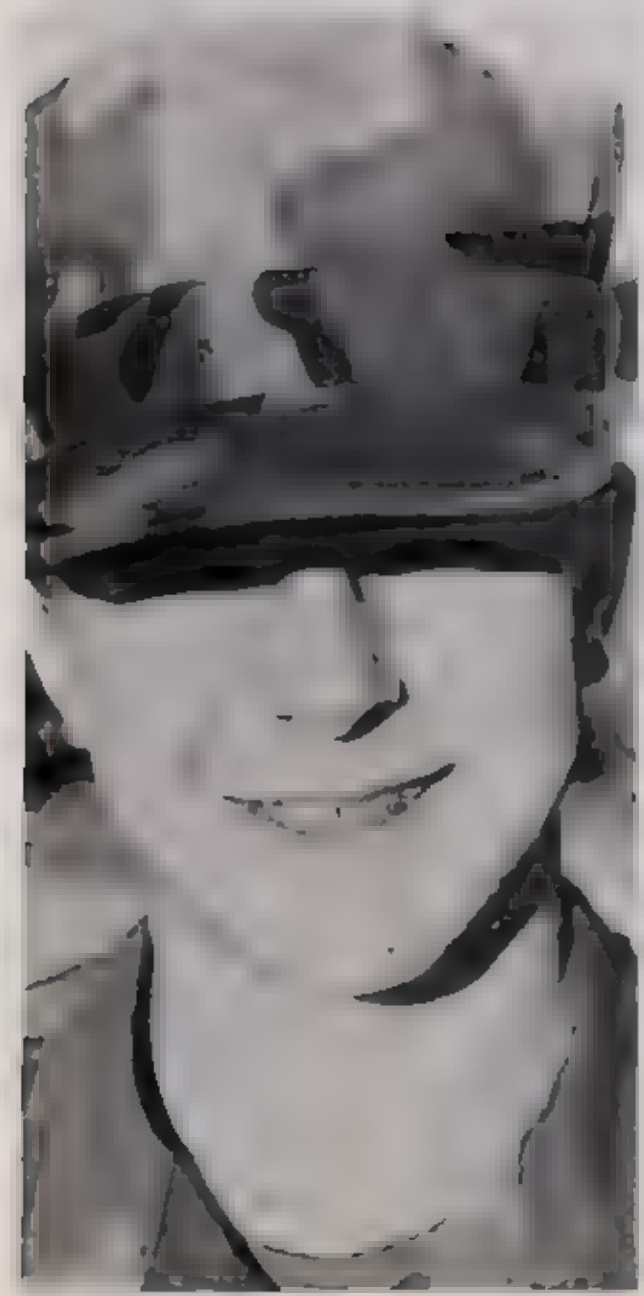
The Building Trades classes helped students develop the skills that would be needed to get a job in the construction industry. Scheduled projects were a cover over the metals storage area and a cabana and a bar-b-que at the pool. As a class the students planned the projects and gathered the necessary materials for the job.

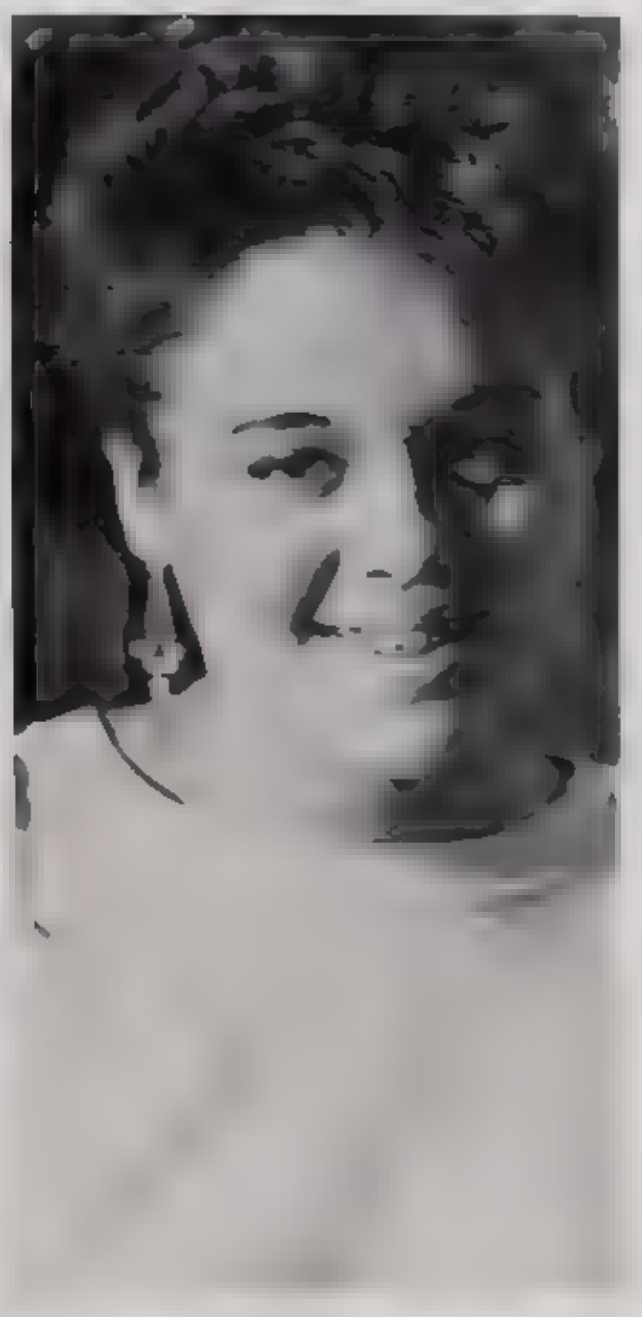
(at right) David Benito uses a skillsaw to trim a wall stud to size (below) Randy Fricke uses a power stapler to make quick work of laying down sheeting on a storage shed

Everyone pitches in as demonstrated by students (pictured clockwise) David Benito, Robert Heeter and Ian Bolton, Edward Healis, and Robert Littleton,

Smile Away

Metal mouth, tinsel teeth, train tracks, tin grin and brace face were just a few of the names you heard if you had braces on your teeth. The sight of braces became more common among high school students this year when they decided to have a straight smile. Braces weren't bad, they were just an annoying line of steel that improved your looks.





Braces hold back teeth but not the smiles, as demonstrated by (clockwise from last page) Ray Moorehead, Marcy Schulenburger and Freddy Ram, Natacha Stuckey, Jim Price, and Cherish McBride along with Ashley Farmer.

Senior Wills . . . Senior Wills

I Daniel Christopher Brais will to my girlfriend Stacy Jones my senioritis, my athletic abilities, and all my love in the world towards her.

I Ruben Mendez will all my wrestling ability to Ruben Galaviz. I will my courage, steak dinner, and pizza to Joe Hocking. I will to Shane Estep my medals. David Olivas my football ability, Pete Nakapaahua my jersey number.

I Linda Rene Ellett, bequeath to my loving brother Robert my senioritis and my ability to graduate. To Jodi, I leave a lifetime supply of milk and the ability to grow. To you both I leave my love.

I Kristen Richter will to my brother Brian, and Jared Manning a good sense of humor, along with the continuous desire to be different in hopes of helping them to survive their last two years of high school. Good luck with football and watch out for "RATS". You guys are so special, I love you both.

. . . Senior Wills . . . Senior

I John Crow will my ability to play any position to Brian Richter. My ex-girlfriend to Randy Fyfe. My car to Brett Davis. My varsity lucky sock collection to Jake Taylor, and finally my ability to lead the fight song to Calvin (Hershel).

I Diane Rascon leave my beautiful messy locker, green eyes, and all the wonderful memories of "URL" to my dear cousin Valerie (HILL) Soto. My baby to MaryAnn Moreno, Matt Gonzales my colorful flyers. Joey Zepeda all of my Dallas Cowboys (#1) spirit. My long luscious nails to Linda Ganados; my handwriting to Christine Gallinger, Reina Acedo, Aaron Herrera, and Randy Fyfe.

I Katrina Flores leave my slick techniques on how to get out of trouble to my sister Julia Flores. My study habits (cheat sheets) to Patrick Campos. And best wishes to Danny Ortiz. But most of all prayers for Ernie Gonzales to get out of this place.

I Elisa Gonzales leave my three extra credits to Patrick Campos. He can use them. My great cheating techniques to Ernie Gonzales. My clean but empty locker to Anthony Contreras. My height to Lisa Villanueva. All my unused books to Robert Misquez even though they will stay the same. And finally one of my extra credits to Danny Ortiz so he can pass auto.

A Friend

For You . . .

High school is not only a time for gaining an education but it's also a time for making friends. These friendships are so important because sometimes they are all that make school bearable.

Long after you've graduated you'll look back on your high school years and think of all the wild and crazy times you've had with your friends. Your friends give you something that's more important than a new car or all the money in the world, and that's memories.

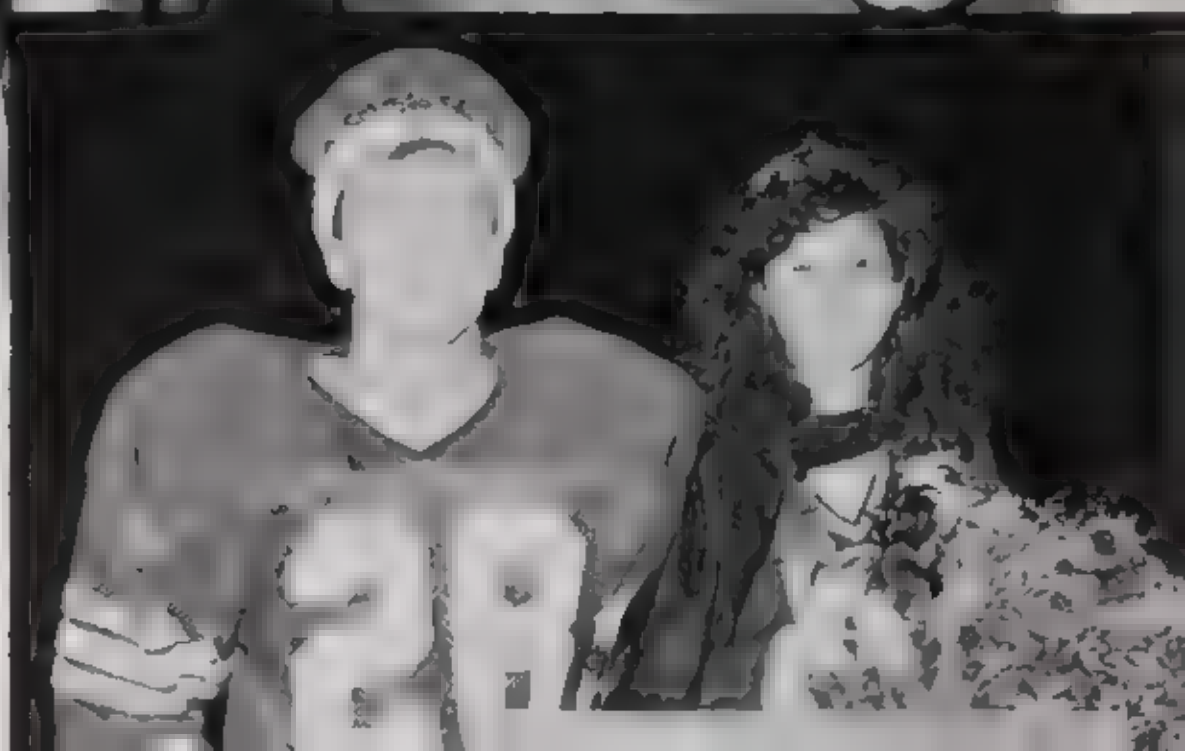
Gateway To Success

Once again TUHS had its traditional homecoming parade. The students were dismissed at 1:45 p.m. to watch the parade that started at City Hall and went down the middle of Tolleson.

A lot of hard work went into the preparation of the parade. Students spent many long hard hours working on floats and floats for their clubs and organizations.

Once again, for the third straight year, the class of '87 took first place. Sophomores took second and Freshman placed third.



(top) The 1985 and 1986 Queens are flown in at half-time. (center) King Kenny Downey and Queen Michelle Macias at the coronation assembly. (bottom) The night of the big game.

Royalty

Homecoming week was full of spirit and excitement once again this year. Nominations started the week of November seventh. The results of the class princes and princesses were announced homecoming week. Wednesday, November twelfth, at a special coronation assembly the king and queen were crowned. The winners were Kenny Downey and Michelle Macias. The junior prince was Daryle Donahue and the princess was Brooke Farmer. The sophomore prince was Joey Zepeda and the princess was Rachael Bonnell. The victors for the freshman class were Nick Hysong and Cherish McBride.

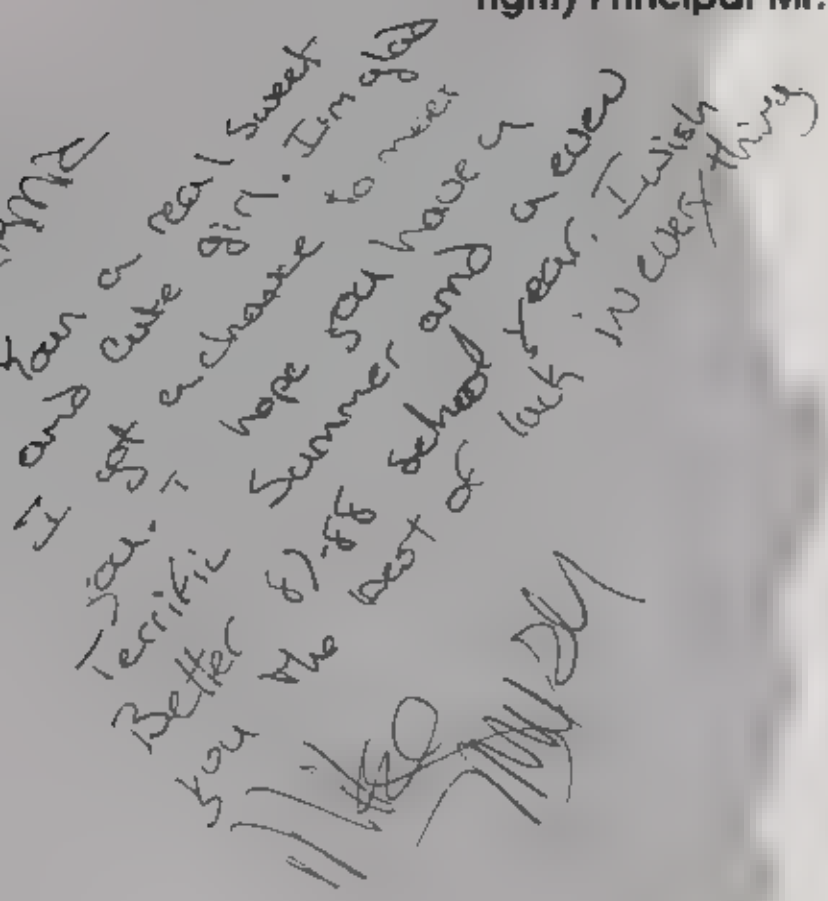
Set Goals and Strive to Achieve Them . . .

Although Dr. Landis and Mr. Flores would have liked to have personal contact with all of the students at Tolleson, time, circumstances and numbers made it impossible. They shared many of the same concerns and ideas. Both stressed setting goals and striving to achieve them and being the best that you can be. They also agreed that we have good students, an excellent staff and an overall great school.

(top right) Superintendent Dr. Landis. (bottom right) Principal Mr. Flores.



New Beginning

Tolleson's School Board had a new addition this year. Mr. Steve Isham (pictured at left) campaigned dilligently in order to achieve a spot as a member of the school board.

One of the big topics of discussion this year was the new school which is to be built at 107th Avenue and Indian School Road. Plans for this school have already been developed and will begin taking effect soon.

The four other members of the T.U.H.S. School Board (as pictured at left) are James Johnson; Clerk, Ronald "Butch" Renyer; President, Bernie Watkins; and John McMurdie.

(bottom left) One of the many architects show Mr. Zielinski and the others how the new school is designed.

At Your Service

Remember hearing that the Administration was at the students service? Well on October 21, 1986 the Administration was really at the students service, specifically serving them breakfast. Sound incredibly impossible? For the members of some of the TUHS classes it became a reality.

The classes with the highest percentage of attendence to parents night on Thursday October 16, 1986 was awarded a free breakfast cooked with loving care by Mr. Spellman, Mr. Zelinski and Mr. Anderson Tollesons Administrators. Never say never!!

The Faculty Made All the Difference

The faculty made all the difference this year. With their help, either directly or indirectly, students acquired the knowledge they needed to further their education and lives. It took an array of unique kinds of people to work with students on a day to day basis. TUHS was well equiped with these special people. Professionalism and personality were the two formost characteristics conveyed by the faculty upon students. The students looked to these people for assistance and direction every day of the year. It was surely carried out by each of the faculty members.

I Want Candy!

No candy! A number of groups were shocked to find out that candy sales were no longer allowed on campus. The National Honor Society was quick on the scene to find an alternative way to raise money. NHS members were the first of many to use balloon-o-grams for successful fundraising. The creativity of club members was especially brought out by the prohibited candy sales. NHS, as well as others were forced to use bake sales, sponsoring dances, and other ways for raising money.

Love

+A,-A,+B,-B, O?

Did you donate blood this year at the blood drive at TUHS? If you didn't then you were missing out on the cookies and juice. There was also the pride of knowing that your own blood would be given to some one who really needed it. When asked the question of the feelings of giving blood, senior Roy Daigle commented, "I hesitated because I did not like the needles." The outcome of the event was tremendous this year.

More Trophies

The ROTC Drill team has been one finest organizations on campus. It took a lot of dedication practice to maintain their number 1 standing in the state.

The 16 members and three alternates on both squads competed in their first event at 29 Palms, California. They captured first place and received 25 trophies. They also planned to compete in New Mexico and Colorado at the Air Force Academies. Terrie Escobar summed up her experiences on ROTC by saying, "It gave me a sense of belonging for three years."

Overflowing Food

The annual FCA and ROTC can drive was very successful. Nearly four thousand cans of food were collected. So much food was donated that one of the ROTC classrooms could not be used because it was overflowing with cans.

This years Christmas play was titled "I remember Christmas." It featured Jason Fleck, Thomas Garcia, Janet Blankenship, Tani Brady, Becky Reif, LouAnn Watson, and Kassandra Gross.

The performers themselves wrote the story. They all expressed their ideas and developed a plot. Then, using improvisation the play was fully developed. The actors and actresses were proud of the play and it was recorded and submitted in hopes of publication.

CLOSE-UP

Have you ever been to Washington D.C.? On December 7- 13, thirteen students, Mrs. Lumm, and Mr. Spellman visited our nation's capital. Their goal was to learn and understand how the government works. They visited places like the White House, the Vietnam Memorial, the Jefferson Memorial and many others. Workshops were given everyday in order to relate government procedures to the students. The students also got to meet other high school students from Florida, California, and Texas. This was a trip that thirteen students will never forget.

VARSITY VOLLEYBALL

The 1986 Varsity Volleyball team ended up with a 12-7 overall record. Their season was successful as they defeated some very tough opponents. Some of their more memorable victories were over Agua Fria, Paradise Valley, and Arcadia.

Several players received divisional recognition awards they were: Jackie Hropko and Geri Carpenter, First Team, Kristen Richter and Chris Carpenter, Second Team, and Honorable Mention went to Shani LaSalvia and Lesa Hysong.

Carpenter Receives MVP

Francie Carpenter received the MVP Award for her outstanding athletic abilities this year on the Freshman Volleyball team. As a key player, they had a remarkable season. With a record of 10-3, Coach Jan Adams felt they did a great job and will be ready for JV next year.

Other key players were Gina Madrid (most improved), and Kyra Prawlocki (spark plug).

"Next year's goal is to win at least ten games or more!" stated Coach Adams.

Varsity Football

The varsity football team started their season against Independence High School, a tough team. The score was 14-19 with the Wolverines losing. However, David Aros had a great game. He threw for over 150 yards.

The remainder of the season was full of ups and downs, but they managed to make the playoffs under new head coach, Tom Goodwin.

Three out of the past four years the football team has made the playoffs. Overall they had a successful season.

Never Give Up!

JV Football ended the season with a 0-6-1 record, not the best record, but the team had nothing to be ashamed of—they never gave up. The players practiced hard and most went the extra distance by pumping weights after school and participating in other sports to fully condition themselves. Coaches Warren and Quesada looked to Eric Harper, Pete Nakapanno, Calvin Williams, Ivan Ruiz, David Strudwick, and Tim Robinson as their key players. With the effort shown by all the team members the school can expect nothing but success from the Wolverines of the future.

Frosh Sack Peoria 12-6

Although their seasonal record was a lackluster 1-7, the freshman football team shined as they defeated the Peoria Panthers 12-6 at home on October 30, 1986. Under the direction of Coaches Hysong and Gutierrez, the team showed excellent effort for the 1986 season.

Hard Work Pays Off

Being a cheerleader was not all popularity and glamour. A lot of hard work went into becoming one. They practiced six to seven days a week and were constantly working on new cheers.

The Varsity Cheerleaders started preparing for the 1986-87 school year in June. They attended Cheer Camp in July and won a chance to compete in Nashville, Tennesee over the Christmas vacation.

During football and basketball season the cheerleaders gave cards and candy to the players to wish them good luck at the games. They also spent a lot of time making posters to support the football team.

The Cheerleading squad was one of the best that TUHS had seen. They did an excellent job of cheering on the teams and promoting school spirit.

Spirit People

Many freshman girls were active in Freshman Cheer. The girls showed great school spirit and dedication. Many of the girls hope to move up to junior varsity and some are even going to try for varsity.

The Junior Varsity Cheerleaders worked great together as a team. The girls were cooperative and listened carefully to their sponsor, Mrs. Janice Malone. The prospects for next years varsity squad look good.

86-87 POMLINE

This years Poms started off great by returing from camp with the Superior Award Trophy meaning that out of 36 schools, they were one of the top 6 schools with the most superior blue ribbons. Need less to say, Tolleson was very proud of their Poms. Mrs. Soltesz, sponsor, also put in alot of hard work and dedication. Kristen (co-captain) "This years line worked x-tra hard and got along real well." Lucinda (captain) "I love everybody on the line because they made the year so much fun and put so much effort into our routines." TOLLESIA!!!

Devoted . . .

The Wolverine Band and Flagline devoted many long, hard hours of practicing to be the best they could be. These members contributed plenty of school spirit at all football games, home basketball games, and in the pep assemblies. They performed at the NAU and ASU BAND DAY competitions, and during the spring, they travelled to California to perform in a band competition at Magic Mountain.

No Wimps Allowed!

Tolleson's Cross Country Team had a successful season according to Head Coach Tom Kirsch. David Hokanson and Geri Gutierrez were the key runners that gave Tolleson an edge. It takes alot of hard work, and skill for a runner to take the punishment of our environment. Next year Coach Kirsch plans to have a great season with the returning lettermen.

Cagers Place Consolation in Tournament

The Varsity Basketball Team finished in 5th place at the Cactus Christmas Classic Tournament over the winter vacation. The Wolverines lost to a tall Shadow Mountain 58-51 in overtime, then came back an edged Independence 70-66, and killed Peoria 66-52. The key to the team's success was senior forward Lance Keller. In the 23 games Keller played, he scored 511 points (22.2 average), and grabbed over 300 rebounds this season. Head Coach Dan Roberson hopes the team will be good next year inspite of Keller leaving. For his high school career, Keller scored 1399 points (15.5 average in 90 games), rebounded 815 times, and passed 165 assists to different players. Keller finished with a field goal percentage of 48 and a free throw percentage of 65.

New Coaches at T.U.H.S.

The 1986-87 JV/Frosh Basketball teams had new faces for the season. Freshman Coach Troy Hudson enjoyed coaching the team since being a former assistant coach at N.A.U. He hopes to do even better next year after a successful season this year. JV Coach Mike Warren was moved up from being freshman coach. Even though the basketball program was great this year, both coaches plan to go for it all.

Softball: State Runners-up

For the second consecutive season, the Wolverines finished in the State Division II Championships. The team started strong at the beginning of the season. At the conclusion of conference play, their record was a powerful 19-3 (10-2 conference). During the Divisional Tournament, Tolleson slammed Paradise Valley 11-1 giving them the qualifications needed to compete in the State Tournament. In the Divisional Championships, rival Cactus defeated Tolleson 8-2. Next came the State Tournament. In the first game, the Wolverines struck-out Tucson's Marana 5-0. During the semi-finals, they knocked off Sunnyslope 9-1. Going into the championship game, the team was prepared to beat Cactus but the moment never came. Cactus' Valerie deChamplain cracked a four run grand-slam to send the Cobras ahead 4-1, and to defeat Tolleson 4-2. Head Coach Monty Anderson had not predicted to go this far, and with only four seniors graduating, the team will be strong for the 87-88 season. Eight players made the All Division Central Team: Gerri Carpenter-catcher-1st team, Jackie Hropko-outfield-1st team, Lisa Santana-pitcher-2nd team, Valerie Valdez-3rd base-2nd team, Missy Gullett-2nd base-2nd team, Chris Carpenter-outfield-2nd team, Tess Barton and Denise Robinson received Honorable Mention.

Varsity Wrestling

This year there was an excellent effort made by all of the wrestlers. The goal of the Varsity Wrestling Team was for each individual wrestler to work as hard as he could. Throughout the year, the team's individual victories were excellent.

An important requirement for wrestling is that the student pass subjects, have a good standing with the school, and have a desire for the sport of wrestling. A wrestler practices every day for two hours, and is on a controlled diet until the end of the season.

With his opponent in a helpless position sophomore Manuel Contreras strives for a pin showing total control.

"Yeah, I did it!" Manuel Contreras pinned most of his vicious opponents with an excellent victory.

J.V. wrestlers had quite a good season. The boys put in a lot of hard work and dedication. Long hours of practice along with discipline made Coach Kirby eager to continue working with this fine group of boys.

Wrestlemania!

Tolleson Matmaids cheer the wrestlers on to another victory.

Mat Maids was an organization which promoted wrestling spirit on campus and among team members. They provided great cheers for all the wrestlers at each match. To earn money to buy their new uniforms they sold ballloon-o-grams, and had lots of bake sales. This years Mat Maids were excellent; they did a job well done at T.U.H.S.

The Matmaids march to show their Homecoming spirit.

Fire, Heart and Determination

Under the guidance of Head Coach, John Nugent, the Tolleson Wolverines finished out their season 8-2-2.

According to Coach Nugent, "The team was consistent all year and played with a lot of heart."

The team finished second in their division, and unfortunately did not go to the playoffs because of one loss to Tempe.

Coach Nugent expects the team will be more competitive in the Skyline AAA II Division next year. The team will have seventeen returning lettermen and nine starters.

"We've been in AAA II Central division for two years now, and in twenty-seven games we've only had five losses. I'm pleased with twenty-two wins in two years. Any coach would be. We'll be ready to play AAA I Skyline. We've just got to be healthy and eligible. We have three All Division players coming back and that will really help us. We are all looking forward to next season. I think that speaks for itself," commented Coach Nugent.

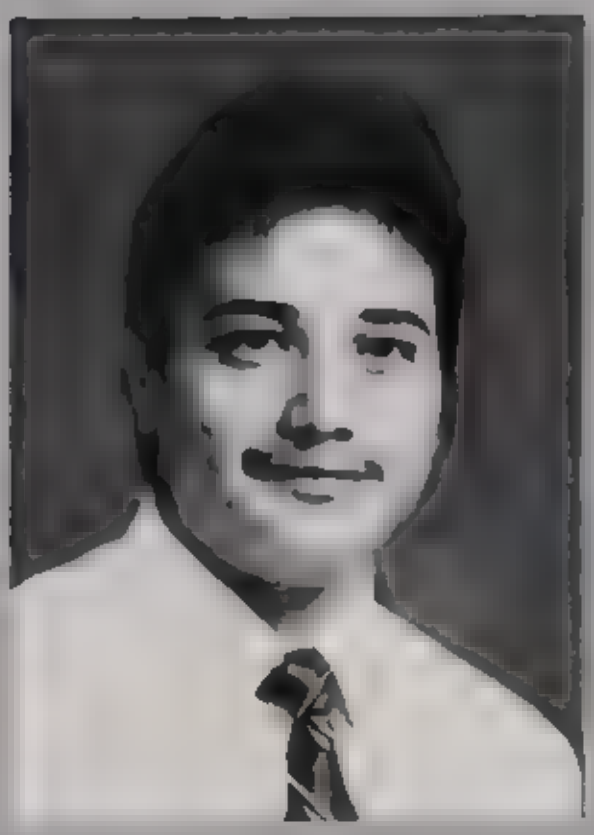
J.V. SOCCER

The 1986-87 J.V. Soccer had their ups and their downs. According to head coach, Will Thompson, the most exciting game of the year was at home against Deer Valley when the Wolverines went in double overtime before eliminating the Skyhawks, 3-1. Their overall record was 3-3 and the best part of the season was playing in the first J.V. game ever played by Pollesson (which the Wolverines won 4-1 over Goldwater High School). Some of the outstanding players this year were Jason Garcia, Rene Miranda, Ivan Ruiz, and Sean Bowers.

Opposite page: The J.V. soccer team, (l-r) First row; Ivan Ruiz, Rene Miranda, Ray Chavarria, Scott Brock, and Jane Hanson. Second row; Will Thompson (coach), Jeff Lovesy, Matt Jordan, Sean Bowers, Jason Garcia, Enrique Carrillo, and Chris Meyers.



Early in the year we lost a member of our school due to the ever increasing percentage of suicide, Joe Castro. He is gone but has taught us all a valuable lesson, that being, life isn't always what we want it to be, but we have to make the most of it.

To Irma

I really feel I met last year. I'm glad you were in my Algebra class or else it would be boring (otherwise). O'ya thanks for being around when I need some advise. Well I'll write more tomorrow so I can think. K!

Friendship

Friendship is like a candle flame. Once lit, it can never be put out. Friendship is like a rainbow in the sky. It lasts a while but always comes back after the storm.

Friendship is like a river. It flows through many places and touches many people along its way. Sometimes it runs deep and sometimes it runs shallow. Friendship is like a tree. It grows and blossoms with the passing of the seasons. Friendship is like a bird. It sometimes flies very high but always comes back to its nest to be with its friends.

Friendship is like a book. It takes a few minutes to read but its memory lasts forever.

Friendship is like a song. It goes from heart to heart, from friend to friend, from place to place, from year to year, from time to time.

Friendship is like a star. It may be far away but its light shines forever.

Friendship is like a rainbow. It's beautiful and colorful and it's there for everyone to see.

Friendship is like a flower. It's pretty and it's there for everyone to smell.

Friendship is like a butterfly. It's free and it's there for everyone to see.

Friendship is like a bird. It's free and it's there for everyone to see.

Friendship is like a tree. It's strong and it's there for everyone to see.

Friendship is like a river. It's deep and it's there for everyone to see.

Friendship is like a star. It's bright and it's there for everyone to see.

Friendship is like a rainbow. It's beauti
